THERE ARE NO STRANGERS HERE, JUST FRIENDS YOU HAVE NOT YET MET!

Jeffrey Lowell, returning for his 12th summer as a Leader- In-Training (LIT) spoke last summer before the entire camp and shares his thoughts as we are on the footsteps of another fantastic, exciting, impactful and just plain incredible summer.

Since I was three years old, Camp Towanda has been a large influence and part of my life. Throughout all of my years, I have seen almost everything. Many amazing counselors, surprising fakeouts and breakouts, and new activities and hobbies that are common among both counselors and campers.

However, Towanda would not be the same without traditions. The traditions of youngest to oldest lineup, in which I quickly advanced forward. The tradition of the Club leading the first Friday Night Service of the summer, and my brothers in the back row waiting for their turn to lead. Without the kids from my group who have become my brothers of the Club and sisters of the Dorm, I would not be who I am today.

My favorite thing about camp is how unique it is. In Ghost, Mitch's favorite to referee, how nobody gets out and everyone plays. The special days of the week when the Dorm and Club wear special clothing such as Maniac Monday, or Weird Hawaiian Shirt Wednesday. If you haven't heard this

yet, cherish every moment you have in camp, because it flies by so fast. I can clearly remember my first days as a JET, when I looked up to the 2007 Club, The ClubTrotters, never thinking about how soon it would be until I was a Club boy myself. Each year has been full of fun activities, stories, and friends. Each year, special!

Camp Towanda to me means friendship, comfortably living, and creativeness. With all three of these assets, camp will become your home soon enough.

Friendship is the connection between yourself and others. Group members, counselors and even people from other groups. The Camp Towanda sense of family is strong, so if this is your first or 15th year, you are part of the family! It just feels great to be a part of it!

Comfortably living! The ability to adjust to the bunk and bed that is new to you easily, and making friends with the people sleeping to your left and right. Getting out of your comfort zone is easy here; everyone helps you. There are no strangers here, just

friends you have not yet met!

And creativeness. The skill that is necessary to make every period of the day interesting and fun-filled. These three assets will help your summer become the best you will ever have. Over my previous 11 years here, I have achieved these characteristics, making every summer my new best.

Camp has become my life, and it will never be removed from my heart. I look forward to being your waiter this year and welcoming the new and youngest campers to the Camp Towanda Family!

WELCOME!

Jeffrey Lowell

ALUMNI REFLECTIONS

Towanda Generation

When I first had my baby everyone was asking me what it's like to be a mother. I thought by now I would have the answer, but Scarlet just turned one and I still can't put the feeling into words. I've realized that being a parent is one of those things that can never be explained to someone that hasn't been fortunate enough to have the experience. This is exactly how I would describe my time at Camp Towanda. If you've never been, you just can't understand.

Growing up in New Jersey, going to college in Michigan, living in New York City, and then moving to South Florida I have been all over, and without fail am always asking or being asked if I ever went to sleep away camp. Meeting someone else that went to camp is often times the start of a great friendship. However, meeting someone that went to Camp Towanda, is a guaranteed friendship, and probably more. It has been over 15 years since my Dorm summer ended, but the feelings and memories still feel like yesterday. The very first chord of American Pie, is there anybody out there, or any Chicago song can send me back in time to one of the happiest times in my life. I still have my Olympics shirts, I still miss milk and cookies (but would of course rather be at under the lights), and I still remember almost all the words to almost all my girls sing songs.

The list of memories could go on forever, and they will be remembered for longer. There is just something about camp that has stayed with me through all these years, and I look forward to the day when I can share this experience with my kids.

Rachel Berkman Bloom Dorm, 1999

Towanda University

After transferring from the Towanda mecca of Indiana University to Binghamton University, the news spread amongst my friends and I was contacted by Charlie Wyetzner (Club 2009) and Matt Halperin (Club 2009), both at Bingo. They both were excited to have another Towanda-er at Binghamton and ensured that they wanted to make me feel at home anyway possible. Fast forward and the three of us are in the same fraternity, all closer than ever, and this upcoming fall Charlie and I will be serving as our chapter's President and Vice President respectively.

Looking back, it truly is amazing what Camp Towanda does. Not only did I develop key leadership skills that have helped me to this day, however, the friendships and bonds that I made with Charlie and Matt as well as many others during my camp years, still have stayed in tact to this day. Often times, the three of us find ourselves sitting down together and sharing memories from camp that we will never forget. We all hope to return one day!

ANNUAL ALUMNI BBQ

SUNDAY July 26, 2015

(The day after Visiting Day)

11:00am - 3:00pm

→ We will be opening time capsules from Dorm & Club 2005 and any earlier years not yet opened. ←

Visiting Alumni restricted to those age 21 or older.

Those who are able to contribute to Olympics with Judgie and referee credentials are invited to inquire about availability.

In honor of Wet Hot American Summer, here are some of the real campers from the summer of '81!!

VisionWalk

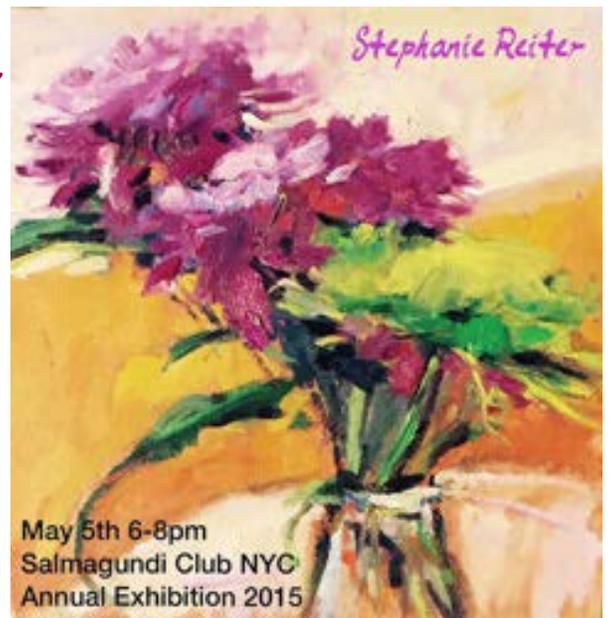

Many of our campers, featuring LITs, CITs, DORM , CLUB, as well as staff, alumni, parents and friends of camp participated in the Foundation Fighting Blindness' annual VisionWalk in Central Park, NYC.

It was a great morning that provided the opportunity for us to get excited about camp and support a great cause!!

Fine Arts with Stephanie

While getting ready for camp, Stephanie dabbles in art...and is not too shabby! She just had a recent showing in NYC and has 2 exhibits on Martha's Vineyard during the summer at The Old Sculpin Gallery in Edgartown; although she won't be there, some of her art will! Of course, the campers get to experience Stephanie's talent firsthand at camp! In addition to sculptures and projects; influence at the Arts & Crafts Shop (this year introducing fusion glass), Stephanie's Fine Art classes are a hit!

COLLEGE CONSULTING

Camp Towanda is super excited to welcome back Alumni Mara Patti (Dorm '92) this summer to work with our older campers including the CITs and LITs in a College Prep Workshop. Mara can't wait to talk with our campers about their future in a fun, camp-friendly way with the help of our counselors who represent dozens of the top schools in the United States! Mara is the owner of the premier college consulting company, [One2One College Consulting](#) in the TriState Area, providing customized college counseling for students and parents.
